SPONSORSHIP

Levels & Benefits

After a successful 2021 Virtual National Recycling Congress with over 400 registered attendees, the Congress returns on **November 9 & 10** in a virtual format that brings recycling officials and industry leaders across the country together for two full days of education, best practices, networking and more. Sponsorship is an excellent way for you to reach key audiences, from local officials and program managers driving recycling efforts at the community level, to federal and state policymakers, to sustainability industry representatives. While many events return to in-person, the Congress remains virtual to ensure that those unable to travel can still benefit from the wealth of information to be delivered at the **2022 National Recycling Congress**. We understand what is important to you, and are striving to bring you even more opportunities to connect. Consider your sponsorship today!

	Premier* \$10,000	Platinum \$5,000	Gold \$2,500	Silver \$1,000	Bronze \$500
